41 Fiddlin' Around (<i>more back-up</i>)	71

About Dynamics

There are no dynamic markings in this book so that you can interpret your own. Fast tunes are usually loud and Waltzes are combinations of many dynamics. When accompanying, play so that the melody can be heard. Think for yourself what would be the best dynamic. Trust your instincts and run with it!

1. Irish Washerwomen

accompaniment

students play the G,
C and D chords
