Lesson 8

PUTTING ALL FOUR BEATS TOGETHER:

We've added a bit of music to play along with. The object of this exercise is to play each beat *four times* and immediately go on to the next one.

- 28** First listen to the example. Listen to how the beat works with the music.
CD

29 Now practice each beat in succession like the example.

Beat #1

PUTTING IT ALL TOGETHER

Now it's time for you to put all that you have learned to use. Play along with these next two tracks. The first is in a rock style, the second is a 12-bar blues. The CD will have two versions of each song, one with an example of the drum part and the other with a click so you can play along on your own.
