PROGRAM NOTES

The rhythmic interaction between parts and lines is fundamental to the successful performance of the piece. I would suggest isolating lines and/or instrumental choirs in each section of the piece to insure the integrity of the rhythmic "conversation." I also suggest positioning the accessory percussion instruments for maximum presence and clarity.

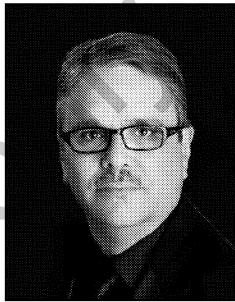

Please insure phrase integrity and shaping throughout. In particular, there are points where the melody is elongated over rhythmic ostinati. As an example, the upper woodwinds beginning m. 16 present the melody in four bar phrases. Strive for a unified interpretation. I would suggest singing the phrase to identify and reinforce the shaping.

The build from m. 131 to the end of the piece should be carefully shaped allowing for maximum impact in the final bars. Feel free to adjust the dynamic levels based on your particular ensemble and instrumentation.

I hope that you and your band enjoy preparing and performing **Crush**. Best wishes for a wonderful performance!

ABOUT THE COMPOSER

Robert W. Smith (b. 1958) is one of the most popular and prolific composers of concert band and orchestral literature in America today. He has over 600 publications in print with the majority composed and arranged through his long association with Warner Bros. Publications and the Belwin catalog.

Mr. Smith's credits include many compositions and productions in all areas of the music field. His original works for winds and percussion have been programmed by countless military, university, high school, and middle school bands throughout the United States, Canada, Europe, Australia, South America and Asia. His **Symphony #1 (The Divine Comedy)**, **Symphony #2 (The Odyssey)** and **Africa: Ceremony, Song and Ritual** have received worldwide critical acclaim. His educational compositions such as **The Tempest**, **Encanto**, and **The Great Locomotive Chase** have become standards for developing bands throughout the world. His numerous works for orchestras of all levels are currently some of the most popular repertoire available today. His music has received extensive airplay on major network television as well as inclusion in multiple motion pictures. From professional ensembles such as the United States Navy Band and the Atlanta Symphony to school bands and orchestras throughout the world, his music speaks to audiences in any concert setting.

As a conductor and clinician, Mr. Smith has performed throughout the United States, Canada, Japan, Europe and Australia. He is the principal conductor of the American Symphonic Winds and the American Festival Philharmonic Orchestra, professional recording ensembles based in Washington D. C. He has recently completed production of **Symphony No. 3 (Don Quixote)**, the fourth in a series of compact disc recordings of his best-known works for concert band. In addition, he is co-creator of the Expressions Music Curriculum. This comprehensive Pre-K through 12 music program includes **Band Expressions**, an innovative new approach to teaching music through the band.

Mr. Smith is the Vice President of Product Development and is an exclusive composer for the C. L. Barnhouse Company and Walking Frog Records. In addition, he is currently teaching in the Music Industry program at Troy University in Troy, Alabama. His teaching responsibilities are focused in music composition, production, publishing and business.
