About the Composer

Ed Huceby is an arts consultant and freelance composer, arranger, conductor and clinician. His career has included roles in higher education and arts administration, most recently serving as President of Southwestern Christian University in Bethany, Oklahoma, until his retirement in 2014. Prior to his appointment at SCU, he was Associate Vice President for Academic Affairs and Professor of Music at Northeastern State University-Broken Arrow (OK). Huceby also served as an arts administrator for Tulsa Ballet Theatre, Inc., and holds the title of Emeritus Professor of Music at Northwestern Oklahoma

State University where he served for over two decades as Music Department Chairman and Dean of the Graduate School. He spent eight years teaching instrumental music in the public schools of Oklahoma, where his marching, concert and jazz bands won state and regional acclaim. His success in the public schools led him into the college teaching ranks where he became internationally recognized as an outstanding music educator and composer of almost 200 published works for concert and marching band. Ed's ability to write interesting and accessible instrumental music can be attributed to his experience at a variety of musical levels.

Huceby's performance background and experience is very eclectic, having been a member of a symphony orchestra (horn), a jazz band (trumpet), and a contemporary Christian quintet (bass guitar, keyboards and vocals), as well as having served regularly as a church organist and pianist. His outstanding contributions to the concert and marching band literature have played an important role in the development of the contemporary band repertoire.

Ed holds a bachelor's degree in music education from East Central University in Ada, Oklahoma, a master's degree in music education from the University of Oklahoma, and a doctorate in administration from Oklahoma State University with additional study at the University of North Texas. He has written music education articles for *The Instrumentalist*, *The American Music Teacher*, and *The Journal of the International Horn Society*, and has held memberships in Music Educators National Conference, Oklahoma Music Educators Association, Oklahoma Bandmasters Association, ASCAP, Phi Mu Alpha Sinfonia, and Phi Beta Mu, where he served as a member of the national board of directors and state chapter president. Huceby was selected as an "Outstanding Young Man in America," is listed in the "International Who's Who in Music," and was inducted into the Oklahoma Bandmasters Association "Hall of Fame" in 1996. He has created over 50 commissioned works and has served as a clinician, adjudicator and conductor for instrumental ensembles around the world, including Japan, Australia, Canada and across the United States.

How to use the Build-A-Band Series

The *Build-A-Band Series* provides educational and enjoyable music for bands with incomplete or unbalanced instrumentation. Written using just four or five parts (plus percussion), these effective arrangements will work with any combination of brass, woodwind, string and percussion instruments as long as you distribute the parts so that each of the five parts is covered.

All of the publications in the *Build-A-Band Series* have been arranged to be playable with any instrumentation as long as each part is used: 1st Part, 2nd Part, 3rd Part, 4th Part, and Bass Part. **(Please note: In some of these arrangements the 4th Part, and the Bass Part are the same, making it possible to play those arrangements with only 4 parts.)**

Also included are various percussion parts which are optional, but will add a great deal to the musical effect. The optional keyboard part can be performed on piano, electric keyboard or any other keyboard instrument, and will help fill out the sound of a small group. Optional guitar, mallet percussion and Timpani parts are also included where appropriate.

Special Notes About Distributing Parts:

The *Build-A-Band Series* should be approached by giving careful consideration to the distribution of parts within your group to attain the best possible blend. You should also feel free to adjust dynamic levels, and to instruct any instruments to adjust octaves at your discretion. In many cases, reducing or adding to the number of players playing a part can greatly help with balance, and make for a much more musical performance. Remember, the flexibility in scoring allows you to be creative to enhance the sound of your group.

The cymbal, snare drum and bass drum parts are all included on one part labeled **Percussion Part**, so that they may be performed by either separate players or by one player on a drum set.

The **Mallet Percussion Part** may be marked for the specific mallet percussion instrument but it can be performed by any mallet percussion instrument, and may be doubled if you have multiple players and instruments. For best results, be creative in assigning which instruments play in the different sections of the arrangement.

The optional **Timpani** part is always playable with 3 timpani.

For repeated sections, in larger ensembles, consider having woodwinds play the first time and brass the second time; or have one player on each part the first time, and all players on the repeat. Another option is having one player on the 1st part as a solo, then having all players on the repeat.

In some of the arrangements which include 16th note runs you will find options to convert some of those runs into 8th notes for players of lesser abilities. This can be done with some or all of the players.

The various instrument parts are written in the octave of the most popular instrument for that part; i.e., C Instrument Part 1 parts are written in the common range for the flute. If you are playing that part on another C instrument such as the oboe, you may have to adjust to a lower octave. In many cases, parts are written in several octaves to help adjust for different instrument ranges.

8 "Eine Kleine Nachtmusik - First Mvmt"
Allegro (♩ = 120)

This musical score is for the first movement of 'Eine Kleine Nachtmusik' by Wolfgang Amadeus Mozart. It is an Allegro in 3/5 time, with a tempo of 120 beats per minute. The score is arranged for a large ensemble, including woodwinds, brass, strings, and percussion. The score is divided into measures 5 through 10. The woodwind section includes flutes (C-1, C-2), clarinets (Bb-1, Bb-2, Bb-3, Eb-3), bassoons (Hn-2, Hn-3), and a contrabassoon (BC-3). The brass section includes trumpets (Bb-4, Eb-4), trombones (BC-4), tuba, and mallets. The string section includes keyboard (Keyb.), cymbals (Cym.), snare drum (S. D.), bass drum (B. D.), and timpani (Timp.). The score features a 'molto rit.' (molto ritardando) section from measure 5 to 7, followed by a 'f' (forte) section from measure 8 to 10. The key signature is one sharp (F#), and the time signature is 3/5.

This musical score is for a large ensemble, likely a symphony or concert band. It consists of 18 staves, each representing a different instrument or section. The instruments listed on the left are: C-1, Bb-1, Eb-1, C-2, Bb-2, Eb-2, Hn.-2, Hn.-3, Vla.-3, Bb-3, Eb-3, BC-3, Bb-4, Eb-4, BC-4, Bass, Tuba, Mallets, Keyb., Cym., S. D., B. D., and Timp. The score is written in a common time signature (C) and a key signature of one sharp (F#). The dynamics are marked as *mf* (mezzo-forte) for the first three staves and *mp* (mezzo-piano) for the remaining staves. The music features a variety of rhythmic patterns, including eighth and sixteenth notes, and rests. A large, semi-transparent watermark is visible across the center of the page, reading "Copyrighted Material".
