PROGRAM NOTES

The word "hope" is defined as the desire, belief and expectation that something good will happen in our lives. We are proud to present our musical statement of *Hope*, a lyrical work by composer Robert W. Smith. The warmth and beauty of this flowing melody will stay in your heart and mind forever. From the opening solo to the full band melodic statements that follow, *Hope* takes us on a warm and beautiful musical journey of reflection and promise.

NOTES TO CONDUCTOR

The opening solo should be very expressive. When I perform the piece, I give the soloist freedom in the first four measures. I begin conducting in measure 5 with the mallet/keyboard percussion entrance. I have cued the solo in the alto saxophone and trumpet to allow performance options based on your personnel and performance environment.

Please pay particular attention to the dynamic shaping throughout. I have liberally notated phrase shapings. However, please feel free to interpret based on your musical preferences.

The clarinets should have presence beginning in measure 18. The trumpet solo should also have presence beginning in measure 22. The low register of this solo is intended. Please strive for a warm and effortless sound in this little used register of the trumpet. Please adjust the balance between trumpet and accompaniment accordingly.

Please note the ritardando beginning in measure 43. Feel free to maximize this effect leading to the release of the sustain in measure 45.

The small ensemble statements beginning at measure 47 should be balanced within the choir. In addition, the choirs should be balanced with each other to insure momentum leading to the last phrase. The final melodic phrase is presented by the mallet/keyboard percussion. The bells/vibes should be clearly audible with the band's release on their last note.

I hope that you and the band find *Hope* to be a rewarding musical experience. Best wishes for a wonderful performance!
